PROFESSIONAL SUMMARY

Final-year B.E. Computer Science and Engineering student (CGPA 7.5/10) with hands-on experience building full stack web applications using Python, Django, FastAPI, Java, React.js, Node.js, Express.js, and MySQL. Completed a Full Stack Web Development internship delivering real-world features under industry coding standards. Seeking a Full Stack Developer role to build scalable, reliable software.

TECHNICAL SKILLS

Programming Languages: Python, Java, JavaScript

Web Technologies: HTML5, CSS3, JavaScript, Responsive Web Design

Frameworks & Libraries: Django, FastAPI, React.js, Node.js, Express.js

Databases: MySQL, SQLite, SQL

Tools & Platforms: Git, GitHub, VS Code

Currently Learning: Artificial Intelligence, Cloud Deployment

INTERNSHIP EXPERIENCE

Full Stack Web Development Intern | Retech Solutions Private Limited

Duration: 1 Month

- Built responsive web pages using HTML, CSS, JavaScript, and Django templates; implemented backend functionality with Python, Django, SQL, and MySQL.
- Worked on real-world development tasks following industry coding standards, improving debugging and teamwork skills.

PROJECTS

Smart Attendance Dashboard *(HTML5, CSS3, JavaScript)*

Responsive dashboard to manage subjects, track attendance percentage, and perform CRUD operations.

Complaint & Service Request Portal *(React.js, Node.js, Express.js, MySQL)*

Web app for submitting complaints and tracking status through a secure admin dashboard.

AI Interview Preparation Platform *(React.js, Node.js, Express.js, MySQL)*

Full stack platform for interview practice with technical questions and intelligent feedback.

Logistics & Delivery Management System *(FastAPI, Python, MySQL)*

Industry-level system for shipment and delivery tracking, customer orders, and admin operations with AI-powered assistance.

Doctor Appointment Management System *(Python, Django, MySQL)*

Django-based app for booking appointments, managing doctors, and maintaining patient records.

CERTIFICATIONS

- Python (Basic) — HackerRank
- Java (Basic) — HackerRank
- SQL (Basic) — HackerRank
- Full Stack Web Development in Python — Retech Solutions Private Limited

EDUCATION

B.E. Computer Science and Engineering — Tagore Engineering College, Chennai

2023 – 2027 | CGPA: 7.5 / 10

Higher Secondary (Class XII) — Velankanni Matriculation Higher Secondary School

2023 | 75%

Secondary School (Class X) — Velankanni Matriculation Higher Secondary School

2021 | 100%
