## PROFESSIONAL SUMMARY

Motivated and detail-oriented Computer Science and Engineering student with a strong foundation in Full Stack Web Development using Python and Java. Skilled in designing responsive web applications, developing backend systems, and working with relational databases. Passionate about building scalable software solutions and continuously learning modern technologies. Seeking an entry-level Software Developer or Python Full Stack Developer role to contribute technical skills and grow in a professional environment.

## TECHNICAL SKILLS

**Programming Languages:** Python, Java, JavaScript

**Frontend Technologies:** HTML5, CSS3, JavaScript, Responsive Web Design

**Backend Technologies:** Django, REST API Development

**Database:** MySQL, SQLite, SQL

**Tools & Platforms:** Git, GitHub, Visual Studio Code

**Concepts:** Object-Oriented Programming (OOP), CRUD Operations, Database Design, Web Application Development

## INTERNSHIP EXPERIENCE

### Python Full Stack Web Development Intern — Retech Solutions Private Limited

*Duration: 30 Days (1 Month)*

- Built responsive web pages using HTML, CSS, JavaScript, and Django templates.
- Implemented backend functionality using Python, Django, and SQL for web application development.
- Worked on real-world development tasks while following industry coding practices under mentor guidance.

## PROJECTS

### Personal Portfolio Website

*Technologies: HTML5, CSS3, JavaScript*

- Developed a responsive personal portfolio website showcasing skills, projects, certifications, internship experience, and contact information.
- Designed a responsive user interface compatible with desktop, tablet, and mobile devices.

### Student Record Management Portal

*Technologies: Java, JDBC, MySQL, HTML5, CSS3, JavaScript*

- Developed a CRUD-based application for managing student records efficiently.
- Implemented secure database connectivity using JDBC and MySQL.

### Intelligent Resume Screening & Candidate Ranking System

*Technologies: Python, Django, HTML5, CSS3, JavaScript, React.js, MySQL, AI*

- Developing an AI-powered web application for resume analysis and candidate ranking.
- Designed features for resume parsing, skill extraction, and job matching.

### Smart Personal Finance & Expense Management System

*Technologies: Python, Django, HTML5, CSS3, JavaScript, Node.js, MySQL, AI*

- Developing a smart finance management system for tracking income, expenses, and budgets.
- Implementing dashboards, spending analytics, and intelligent financial insights.

## EDUCATION

### Bachelor of Engineering (B.E.) – Computer Science and Engineering

*Tagore Engineering College | Expected Graduation: 2027*

CGPA: 7.5 / 10

## CERTIFICATIONS

- HackerRank Python Certificate
- HackerRank Java Certificate
- HackerRank SQL Certificate
- Python Full Stack Web Development Internship Certificate — Retech Solutions Private Limited

## LANGUAGES

- English
- Tamil
